

# HOW TO MEASURE YOUR POOCH

Because each and every Recycling Zychal doggy raincoat is handmade by yours truly in the lovely little city of Philadelphia, instead of setting up general sizes, with your cooperation, I could make a custom sized coat for your pooch with just a few easy measurements! Please use a flexible (not metal) tape measurer\* and include these measurements in a message for me when ordering:

**A: Around the neck, as low on the throat as possible**

**B: Completely around the ribs from behind the elbows**

**C: From the base of the neck to the base of the tail**

**D: From top of arm to top of arm across the widest part of the chest**

**Please also let me know the breed type and sex of the dog.**

If you are confused feel free to shoot me an email and I'll help you out.

\* if you don't have a flexible tape measurer, you can mark a piece of yarn and measure it flat to get the measurements
